PROFESSIONAL EXPERIENCE

8/10-Present Dr. Harmony Satre & Associates, Owner

Licensed Psychologist Providing Psychological Assessment and Therapeutic Services
Oakland, CA

- Conduct neuropsychological assessment for children, adolescents and adults, including evaluation of emotional, cognitive, academic, developmental, and neuropsychological functioning. Clarify diagnosis and determine treatment recommendations to increase level of functioning.
- Forensic assessment including parenting evaluations, caregiver competency, custody evaluations, bonding studies and expert witness testimony.
- Provide psychotherapy for children, families and couples dealing with anxiety, depression, divorce, adoption, stress, parenting /family conflict, aggression and other emotional and/or behavioral issues.
- 2014 – Present: Facilitation of a twice-monthly group called “transitions” which provides support to male to female transgendered individuals who are transitioning later in life.

2015– Present A Balanced Life – Contract Psychologist (Assessment Specialist)

- Administer court ordered psychological assessment on a case by case basis as requested through the El Dorado department of children and family services.

2011 – Present WillowRock Center – Contract Psychologist (Assessment Specialist)

- Perform psychological assessment on an as-needed basis for adolescents who have ambiguous diagnoses who have been detained on a hospitalization (5150) to determine accurate diagnosis and recommendations for treatment.

2011 – Present Argosy University – Adjunct Professor

- In continuation with the core faculty role (as described below), instruction in assessment classes to graduate level students. Classes taught include core assessment courses, including Personality Assessment and Integrative Assessment.

2012 – 2013 Argosy University – Core Faculty, Co-Director Argosy Assessment Clinic

- Classes taught include core assessment courses, including Integrative Assessment and Personality Assessment, as well weekly didactic training to practicum students in the assessment clinic on test administration, scoring, interpretation, data integration, report writing, feedback administration, legal and ethical issues and other assessment-relevant topics.
- Supervision of practicum and postdoctoral students and participation on dissertation committees for graduate candidates.

7/08-01/12 Assessment Specialist

Westcoast Children's Clinic, Oakland, CA

- Provide psychological assessment for at-risk, low income, and culturally diverse children, adolescents, and families dealing with trauma, anxiety, and depression. Cases were referred through Alameda County Social Services and most children assessed were foster children with open court/custody cases.
- Administration, scoring and interpretation of cognitive, projective, objective, neuropsychology and achievement test measures.
- Conduct clinic and community-based therapeutic collaborative assessments. Integrate data to prepare feedback reports, letters, and stories to child and treatment team.
- Facilitate treatment team meetings with social workers, school professionals, co-therapists, co-assessors, and placement workers.

9/06 – 10/08 Registered Psychologist

Ann Martin Children's Center, Piedmont, CA

- Provide psychotherapy for children, families and adolescents, using an integrated treatment approach.
- Conduct psychological assessment for culturally-diverse families in the areas of academic, cognitive, emotional and behavioral functioning.

05/07-09/07 Registered Psychologist/Group Facilitator

Rubicon Programs, Inc, Richmond, CA

- Provide daily group therapy and didactic group work with low-functioning clients in the Individual Living Program (ILP), which included teaching basic life skills and providing general group therapy.
- Provided group management, supervision and mediation of clients and treatment plan development.
- Facilitated seminars which included training in; daily living skills, basic hygiene, health and wellbeing, nutrition, coping skills, and medication management.
- Coordinated between various service providers including psychiatrists, therapists, social workers and other treatment team members in order to facilitate treatment.

9/05 – 8/06 Psychotherapist Intern

Community Counseling and Education Center, Fremont CA

- Provided psychological assessment for children and adults displaying a wide array of symptoms from trauma and grief to schizophrenia and psychosis.
- Provided individual psychotherapy to both adults and children, particularly in the areas of trauma and bereavement.
- Provided court-mandated psychological services including individual therapy and forensic assessment (caregiver competency/custody evaluations and bonding assessments).
- Attended a weekly supervision seminar focused on parental competency and bonding assessments, and providing assessments for the court.

9/04 – 8/05 Mental Health Therapist Intern & Chemical Dependency Practitioner Intern

Seattle Mental Health, Seattle, WA

- Provide immediate response and crisis intervention working with low income, culturally-diverse, and low-functioning clients in a day-treatment setting.
- Provided individual therapy, psychodiagnostic assessment and chemical dependency assessment with drug court-mandated/dual diagnosis clients.

- Completed court-referred parenting competency evaluations.
- Facilitated therapeutic support groups including chemical dependency cessation and recovery, and skills groups for clients with schizophrenia and other life-impairing mental conditions.
- Completed paperwork necessary for applicable clients to maintain their workers compensation or disability status.
- Attended supplemental training through Drug Court to better serve the needs of my court-mandated and/or dually-diagnosed clients.
- Attended supplemental training through Seattle Community College to obtain coursework and training necessary to pursue a certificate as a chemical dependency practitioner.

4/99 – 8/01 Social Service Provider

Professional Network, Inc. Lynwood, CA

- Coordinated and independently supervised court-ordered visitations between children in the foster home system and their biological parent(s).
- Advocated for the children when necessary, including ceasing visits and taking appropriate steps if the situation threatened the child's emotional or physical well-being.
- Provided individual therapeutic treatment and intervention with at-risk and sexually-aggressive youth in their home and in the community.
