Special Achievements/ Awards/Honors:

- Syrian Nationwide Medical School Entrance Exam: (August, 1995)
7th in Nation (out of 60000 examinees)

 - Award for Academic Excellence (June, 2009)
In recognition of performance at or above the 90th percentile
USA nationwide on the neurology and neuroscience portion
of the psychiatry resident in training examination (PRITE)

 - Chief inpatient resident (April- May, 2009)
Department of Psychiatry
Southern Illinois University School of Medicine

 - Award for Best Performance in a Leading Role (November, 2012)
Joint Commission Accreditation
Niagara Health Center

 - Circle of Friends Honor award (April, 2021)
in recognition of exceptional care
Cedars Sinai Medical Center

 - Patient Experience Shout-Out Award (May,2022)
Cedars Sinai Medical Network

 - A Standing Ovation Award (Feb, 2023)
Cedars Sinai Medical Network

 - A Standing Ovation Award (March, 2023)
Cedars Sinai Medical Network
- Leadership/committees:**
- Opioid steering committee (Feb, 2019-present)
 - Diversity and inclusion committee (Aug, 2019-present)
 - Pfizer new pain platform and OA patients committee (March, 2019-present)
 - Cedars Sinai Pain Medicine Fellowship Faculty (Dec, 2020-present)
 - LGBTQ physician working committee (March, 2021-Present)
 - Cedars Sinai physicians mentor (Jan, 2023-Present)

Research activity:

- 1- Correlation of H⁺ pump inhibitor and B12 deficiency among elderly patients
Retrospective chart review
(Supervisor: Tom Ala, MD) (Aug, 2006)
Department of Neurology
Southern Illinois University
- 2-a Effect of Interplanetary Injection of Botulinum Toxin A (10 units) on Pain in Rats
(Supervisor: Louis Perkumar, PhD) (Dec, 2007- March, 2008)
Department of Pharmacology
Southern Illinois University
- 2-b The role of Reineratoxin (RTX); A potent agonist of Transient Receptor Potential Vanilloid 1 (TRPV1) as an alternative modality of treating chronic pain.
(Supervisor: Louis Perkumar, PhD)
- 3- "Internet and Teen's suicide"
This study aims to first define the extent of the problem and also to find out how teens have coped with these expressions of depression and suicide.
My role was to review literature to prepare educational programs regarding teen communications and teen reporting of suicide on line for teens, teachers and parents.
(Supervisor: Sandy Vicari, PhD) (Feb, 2009)
Department of Psychiatry
Southern Illinois University
- 4- "A Screening Criteria for a Spinal Cord Stimulation Candidate"
This pilot study aimed to review charts of patients who had undergone an implantation of SCS.
The data has been collected since 2005 on patients screened by a committee for implanting SCS. This project may lead us to another project about creating a standardized screening tool for SCS implantation.
(Supervisors: Bert Fichman, MD & Gilbert Fanciullo, MD, MS) (Jan- May, 2010)
Department of Anesthesiology
Dartmouth Medical School
- 5- VR chronic lower back pain trial study for chronic pain patients (March, 2019-present)
Cedars Sinai
- 6- Acupuncture pilot study for chronic pain patients (May, 2019-2020)
Cedars Sinai
