RESEARCH AND RELATED EXPERIENCE

Bloomberg School of Public Health, John Hopkins University

Brain Injury, Overdose, and Substance Use, *Behavioral Health Administration Intern* (November 2017 – May 2018)

- Conducted a literature review on substance use, overdose and overdose risk, and brain injury
- Evaluated the relationship amongst substance use, overdose, and brain injury to aid in decreasing the knowledge gap for both substance use and brain injury providers
- Identified strategies for service provider agencies and family members to accommodate for individuals with co-occurring overdose and brain injury histories

The Educational Fund to Stop Gun Violence (EFSGV) Organization (October 2017 – December 2017)

- Drafted a policy memo for ESFGV Organization that identifies significant gaps in federal gun laws that pertain to domestic violence rest raining orders

Cochrane Systematic Review of Interventions to Reduce Alcohol Misuse in Low- and Middle-Income Countries, *Research Assistant* (November 2017-June 2020)

- Assisted Principal Investigator in conducting a systematic review of randomized controlled trials of psychosocial and pharmacological interventions aimed at reducing alcohol misuse in low- and middle- income countries
- Participated in the screening and data extraction of over 5400 articles for this study
- Conducted a secondary analysis of the impact of alcohol use interventions on partner violence and mental health in low- and middle- income countries

Role of Community Mental Health Team Dynamics in Optimizing Patient Outcomes, *Research Assistant* (January 2018 – June 2019)

NOT YET RETAINED

- Created and distributed survey to assess multiple domains of team functioning
- Assessed survey and conducted qualitative interviews to collect feedback from staff and teams on team dynamics
- Transcribe and perform qualitative data analysis to generate conclusions about best practices and opportunities for future studies

Transgender Female Youth: "Passing", Discrimination and Sexual Risk, *Research Assistant* (June 2014-March 2015)

- Conducted a secondary analysis of quantitative data from the Adolescents Trials Network-Supported Transgender Research Youth Project.
- Conducted a literature review on transgender female youths' ability to "pass" as their chosen gender identity affects their quality of life and subsequently their engagement in high risk sexual and drug seeking behaviors.
