

Kang Wook Huh, DO, MPH

CLINICAL EXPERIENCE

Physician III

August 2025- Current

Los Angeles Department of Water and Power, Los Angeles, CA

- Provided clinical leadership through supervision and peer collaboration with other physicians and nursing staff to support consistent, high-quality occupational health care delivery.
- Collaborated cross-functionally to digitize clinic workflows and streamline documentation/operational processes.
- Evaluated and managed a wide scope of Occupational Medicine visits, including work-related injuries/illnesses, post-offer examinations, toxicology/exposure consultations, and DOT/FMCSA driver medical qualification exams
- Served as Medical Review Officer (MRO) for employer/DOT drug testing programs; ensured accuracy, integrity, and confidentiality of the testing process

Occupational and Environmental Medicine Residency

July 2023- June 2025

Harvard T.H. Chan School of Public Health, Boston, MA

- Assessed and managed various types of visits in an Occupational Medicine clinic, including work-related injuries, fitness for duty evaluations, toxicological consultations, and Department of Transportation evaluations.
- Evaluated employee wellness programs at the international level and provided feedback to enhance effectiveness.
- Developed policies for large healthcare organizations, including Boston Children's Hospital, and Beth Israel Deaconess Medical Center.
- Served as a resident representative on the Graduate Medical Education Committee.

Hospitalist

July 2023- June 2025

Hartford Healthcare, Hartford, CT

Cambridge Health Alliance, Cambridge, MA

- Responsible for admitting, rounding, and discharge planning of adult hospitalized patients at the Hospital of Central Connecticut and Cambridge Health Alliance.
- Taught and supervised Internal Medicine residents and participated in multidisciplinary rounds.
- Led rapid response and cardiac arrest teams in resuscitating patients on the medicine wards.
- Worked closely with other departments to focus on quality, team centric care.

Staff Physician

July 2024- June 2025

HV Health and Safety, Boston, MA

Work Partners, Boston, MA

- Reduced OSHA recordability by approximately 80% through effective injury management strategies and collaboration between various stakeholders.
- Managed on-call responsibilities for work-related injury consultations in various industries, including construction and manufacturing.
- Collaborated with paramedics, nurses, and social workers to evaluate employees and determine appropriate treatment plans in a resource-conscious manner.

Internal Medicine Residency, Primary Care Track

July 2020 – June 2023

University of Connecticut, Farmington, CT

- Extensive experience in admitting, managing, and discharge planning of diverse patient population at the University of Connecticut John Dempsey Hospital, Hospital of Central Connecticut, and St. Francis Hospital.
- Served diverse patient populations in the outpatient setting at three different ambulatory clinics.
- Taught third- and fourth-year medical students in both inpatient and outpatient settings.

- Presented at several morning reports and led case conferences.
- Participated in Safety Intelligence meetings, Quality Improvement projects, and other scholarly activities.
