

Mark Moya

Primarily seeking remote positions focused on diagnosis and treatment planning, claims review and treatment authorization, case management, clinical assessment, and product/materials review. Chairside positions considered depending on location, hours, and scope of work. Particularly proficient at molar endodontic procedures.

Professional Summary

-Articulate and thoughtful communicator; able to convey clinical concepts clearly and professionally in a manner promoting patient understanding, case acceptance, as well as management of post-treatment expectations.

- Exceptional written communication skills.

- Clinical and managerial experience in a variety of practice settings. Direct experience with claims coding, billing, claims submission, verbal and formal written communication with insurance plan administrators.

- Strong, systematic, and reasoned treatment-planning approach geared toward longevity, functional integrity, and patient satisfaction.

- Very comfortable and proficient with molar and more complicated endodontic cases. Also able to perform endodontic re-treatment on a limited basis and surgical removal of some subosseous third molar impactions. Able to work effectively and efficiently with children.

Authorized to work in the US for any employer
