Five golden stars across the board! I am not exaggerating when I say that Dr. Melody is quite literally one of the best humans I've ever met in my entire life. She is so attentive, genuine, kind, and super funny! She provides the most quality holistic care I've ever experienced. I was so anxious to begin this whole chiropractic journey, but Dr. Melody has alleviated all of my fears and has answered every question with exceptional compassion and patience. I can predict that if you make a visit here, it will be life changing for you like it has been for me. Make an appointment and find out for yourself!

Dr M is incredible. Due to fatigue from working out and running, there was a point in time where I visited her quite frequently and after every adjustment, I significantly improved. She goes above and beyond to hear the patients concerns and ensures she gives those locations extra attention. She would even suggest exercises and stretches to work on to improve my ailments faster. With her guidance and adjustment's, I've reached maintenance mode and it's glorious.
