

Virmarie Díaz Fernández, MD FAPA

Board Certified Psychiatrist

Board-certified Psychiatrist and Fellow of the American Psychiatric Association with 8+ years of experience spanning clinical care, telepsychiatry, integrative psychiatry, and executive medical leadership. Proven leader in building and scaling collaborative care models, supervising multidisciplinary teams, and advancing access to high-quality mental health services across diverse populations. Deep expertise in women's mental health, mindfulness-based and integrative approaches, substance use disorders, and LGBTQ+ affirming care. Recognized for innovative program development, clinical excellence, and a compassionate, patient-centered approach.

Clinical & Professional Focus

Medical Leadership and Program Development • Telepsychiatry and Multi-state Practice • Collaborative Care and Consultation Psychiatry • Integrative Psychiatry and Mindfulness-Based Care • Women's Mental Health and Perinatal Psychiatry • Substance Use Disorders and Dual Diagnosis • Clinical Supervision and Education • LGBTQ+ Affirming Care • Quality, Compliance and Peer Review • Community Outreach and Advocacy
