Curriculum Vitae

Xiaomeng Li, MD PharmD FAAPMR

Denver CO

Professional Experience:

9/2025 – current Aurora CO

Medical Director, Spalding Rehabilitation Hospital

Medical Staff President, Spalding Rehabilitation Hospital

Provided clinical care for rehabilitation patients admitted to the hospital, including medical and rehabilitative management. Conditions managed include polytrauma, various types of neurologic injuries and conditions, amputations, status post various types of surgeries, and medically complex courses. Collaborated with a large interdisciplinary team including physical therapists, occupational therapists, speech therapists, nursing, and case management/clinical social work, as well as other medical specialists as appropriate, to determine optimal individualized plan of care for each patient. Maintained Medicare compliance for the hospital. Managed clinical personnel on site, including two staff physiatrists. Led/participated in various leadership meetings to evaluate and optimize the hospital's performance, including Medical Executive Committee, Quality Management Committee, Acute Care Transfer review, and Root Cause Analysis review.

1/2025 – current Denver CO

Division Medical Director for PM&R Service Line of Carepoint Healthcare

Served as the administrative leader within the Service Line, and supported communication and collaboration between clinicians and hospital administration of four hospitals.

7/2023 – 9/2025 Lone Tree CO

Medical Director of Sky Ridge Inpatient Unit, Sky Ridge Medical Center

Provided clinical care of inpatient rehab patients. Maintained Medicare compliance for the unit. Provided physiatry consults to patients in acute care. Participated in multidisciplinary rounds with the Trauma service. Attended monthly Trauma Performance Improvement and Patient Safety meetings.

6/2022 – 7/2023 Denver CO

Associated Medical Director, Spalding Rehabilitation Hospital at Presbyterian/St Luke's Hospital

Provided clinical care of inpatient rehab patients. Maintained Medicare compliance for the unit. Provided physiatry consults to patients in acute care.

10/2022 – present United States

Independent TBI Physician Examiner for Warrior Vets

Traveled to various clinic sites to complete traumatic brain injury exams of veterans/servicemembers and completing Disability Benefits Questionnaires for benefits claims.

10/2021 – 7/2023 Aurora CO

Consultant Physiatrist, Medical Center of Aurora

Provided consultant services to various patient populations in acute care, including care of traumatic/acquired brain injuries, traumatic/acquired spinal cord injuries, and peripheral nerve injuries, and assisted in the discharge of patients into the appropriate rehabilitation setting.

6/2021 – 6/2022 Aurora CO

Staff Physiatrist, Spalding Rehabilitation Hospital at Aurora

Provided clinical care of inpatient rehab patients. Worked collaboratively with an interdisciplinary rehab team to optimize patient outcomes. Provided education to patients and families.

NOT YET RETAINED
